EXPERIENCE

Junior Network Engineer

Zimbabwe Health Interventions 📅 01/2024 📍 Harare, Zimbabwe

- Designed and implemented scalable cloud infrastructure
- Optimized network performance
- Managed end-to-end cloud migration projects
- Ensured timely delivery under strict deadlines
- Contributed to innovative business solutions
- Mentored junior engineers to drive team excellence
- Increased email system security by 45% by integrating advanced threat detection in Outlook.

Contributor to Digital Payment Solutions

Ecocash Holdings Zimbabwe 📅 01/2021 - 01/2022 📍 Harare, Zimbabwe

- Actively contributed to the design and enhancement of innovative digital payment solutions
- Managed multiple stages of project lifecycles
- Participated in developing scalable systems
- Played a key role in award-winning initiatives that drove industry transformation

Intern

Midlands State University 📅 01/2021 - 01/2021 📍 Harare, Zimbabwe

- As an Intern I actively engaged in learning and contributing to innovative processes, gaining hands-on experience that enriched my understanding of the industry
- Developed and honed key skills under the mentorship of seasoned professionals, laying a strong foundation for future growth

EDUCATION

MSc Information Security and Digital Forensics

University Of East London 📅 01/2024 - 01/2026 📍 London, United Kingdom

Bindura University Of Science Ecucation

University 📅 01/2019 - 01/2023 📍 Bindura, Zimbabwe

- Bachelor Of Science Honors Degree in Computer Science, (GPA 2.1)

SUMMARY

Experienced in cloud infrastructure design, migration, and network optimization, with a focus on enabling efficient workload deployment and enhancing cloud implementations. Skilled in innovative solutions and strategic problem-solving, dedicated to advancing cloud technologies and driving adoption through technical expertise and project management.

KEY ACHIEVEMENTS

💎 **Successful Cloud Migrations**
Migrated 10 major projects to the cloud within deadlines.

💎 **Enhanced Network Performance**
Improved network speed by 30% through optimization efforts.

💎 **Digital Payments Growth**
Contributed to a 60% increase in digital transactions annually.

💎 **Effective Mentorship**
Mentored 5 junior engineers, improving team output by 25%.
